

Routes to Cardiff

By Road

Cardiff is served by the M4 and is easily accessible from all parts of Britain. From the south west, take the M5 and from the south of England, follow major A-roads to the M4. From Scotland, the north of England and the Midlands, travel via the M50 to the M4.

Travelling east on the M4. Leave the motorway at Junction 32, follow the A470, sign-posted City Centre.

The Cathays Park campus – Follow the A470 towards the city centre and the University is sign-posted.

The Heath Park campus – Follow the A470 as far as Gabalfa Interchange. Take first exit onto the A48 (Eastern Avenue), sign-posted Newport and the M4, but immediately exit at the slip road on the left. This leads directly onto the University Hospital site.

Travelling west on the M4. Leave the motorway at Junction 29, follow the A48(M)/A48, sign-posted Cardiff East and the South. Continue for approximately seven miles.

The Cathays Park campus – Continue along the A48 to the A470 (Gabalfa Interchange). Leave the A48 at Gabalfa Interchange and take the A470, sign-posted city centre. Follow the A470 towards the city centre and the University is sign-posted.

The Heath Park campus – On the A48, speed reductions will be noticeable from 50 to 40mph. At this time the University Hospital will be visible on the right. Exit the next slip road, sign-posted "University Hospital" and turn right at the traffic lights along a short road leading directly onto the University Hospital site.

Car Parking

The Cathays Park campus – Car parking in the University car parks is extremely limited and a permit is

required. However, there are several public car parks located close to the University, all of which are marked on Map 4. There is also pay and display car parking available on Park Place and within the civic centre (along College Road, City Hall Road, King Edward VII Avenue and Museum Avenue). This typically costs around £3.50 for three hours. Payment is by coin or debit/credit card. Parking in the North Road car park is £5.00 per day. (Charges for city centre multi-storey car parks vary considerably, up to £12 per day.)

The Heath Park campus – Limited car parking is available in various car parks.

By Rail / Coach / Bus

High speed inter-city trains provide frequent services between all major British cities. The Cardiff-London InterCity service, from London Paddington, runs at 30 minute intervals throughout the day. Frequent regional network trains connect Cardiff with Bristol, Birmingham, Southampton, Manchester, Liverpool and with many other cities and towns. Cardiff is also served by regular coach services from towns and cities across the UK. From Cardiff Central Station there is a frequent train service which stops at Cathays Station (located on the Cathays Park campus). Local bus services also operate from the terminal at Cardiff Central Station.

The Cathays Park campus – The No 27 service leaves Stand D3 every 10 minutes throughout the day.

The Heath Park campus – The No 86 service leaves Stand C4. The Nos 8, 9 and 9a leave from Wood Street.

By Air

Cardiff International Airport is 11 miles from the city centre. National Express and various rail companies operate services to Cardiff Central Station from London's Heathrow and Gatwick airports.

Cardiff University

Cardiff University is recognised in independent assessments as one of Britain's leading teaching and research universities.

Founded by Royal Charter in 1883, the University today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

Among the University's academic staff are two Nobel Laureates, including the winner of the 2007 Nobel Prize for Medicine, Professor Sir Martin Evans. In 2007, the University was awarded its third Queen's Anniversary Prize for excellence in Higher Education, in recognition of its Institute of Medical Genetics.

The University's breadth of expertise in research and research-led teaching encompasses: the humanities; the natural, physical, health, life and social sciences; engineering and technology; preparation for a wide range of professions; and a longstanding commitment to lifelong learning.

From its outstanding central location amidst the parks, Portland-stone buildings and tree-lined avenues that form Cardiff's elegant civic centre, the University attracts students and staff from throughout the world, drawn by its international reputation and commitment to innovation and excellence in all areas of activity. Cardiff is a member of the Russell Group of Britain's leading research universities.

Having gained national and international standing, Cardiff University's vision is to be a world-leading university and to achieve the associated benefits for its students, staff and all other stakeholders.

Many of the University's degree programmes provide partial or complete exemption from relevant professional examinations and more than forty schemes of study benefit from accreditation and input by professional bodies.

More than twenty per cent of Cardiff University students pursue postgraduate study.

Importance is attached to ensuring that Cardiff University graduates have the skills employers demand, resulting in very high levels of graduate employment.

Promoting health and welfare with special reference to the needs of Wales is an important role of the University, working in close partnership with NHS Wales and numerous others.

As a world ranking teaching and research University, Cardiff is also a significant force in the South Wales economy.

Since 2002, £150M has been invested in the University estate including enhanced information technology, expanding facilities for life sciences and brain research, and a £21M building for the School of Optometry and Vision Sciences.

The University's Centre for Lifelong Learning is the largest provider of adult education in Wales. Activities encompass professional development and the Centre also offers business language training at all levels.

Visitors with Disabilities/Special Needs

Some buildings may present problems of access and egress for those with mobility difficulties. For further information, please contact the Disability Team: Telephone: (029) 2087 4528
